

L'arredo urbano è l'arredamento di spazi pubblici, come parchi e quartieri, con accessori ed attrezzature che abbiano l'obiettivo di rendere l'area interessata più efficiente e sicura.

A cosa serve l'arredo urbano?

L'arredamento urbano si propone di migliorare le aree esterne sulla base di specifiche necessità e problematiche riscontrate e di favorire l'accessibilità ai cittadini attraverso l'abbattimento delle barriere architettoniche

Le aree di intervento dell'arredo urbano si pongono l'obiettivo di favorire la socialità tra le persone creando ed ottimizzando luoghi d'incontro dove sia possibile trascorrere del tempo libero all'aperto.

Nel settore dell'arredamento urbano **Idea Outdoor** propone tutti quei componenti d'arredo quali panchine, fioriere, espositori, cestini per la raccolta differenziata dei rifiuti e altri prodotti che concorrono a ottimizzare i luoghi destinati all'incontro delle persone.

Nel catalogo **Speciale Arredo** vengono illustrati i prodotti di arredo urbano che proponiamo.
